About Us:

Knovva Academy is an international education organization committed to the enhancement of educational quality and opportunity for youth around the world. Knovva provides tailor-made educational solutions, services, and products to support student, teacher, school, and governmental preparedness for the 21st century. From life-changing learning opportunities to online and blended learning courses that go far beyond schools' standard curricula, Knovva provides the education necessary for youth to excel in our increasingly interconnected world.

Knovva Academy is seeking a **Subject Matter Expert** (SME) to help us better understand the computer science-related complexities of game and app design. From the conceptual to the tangible build-out process, The SME will help us translate high-level research into accessible online material for secondary students. Researchers should have special experience in one or more of the following areas:

- Computer Science
- Game Design Programming Languages
- App Design Programming Languages
- Scratch
- JavaScript

Working with us, you will:

- Conduct and synthesize available research and translate it into forms that are relevant, engaging, and practical to support educational program development.
- Communicate with a Knovva Coordinator through frequent updates (in-person preferred, remote possible as well) on research structure, formatting, content, adaptation, and accuracy.
- Research and develop case studies on specific topics to complement more broad-based knowledge.

What are we looking for:

- Master's Degree required
- Experience in relevant content research required
- Experience conducting research in academic settings, publications preferred
- Experience conducting research on interdisciplinary topics
- Excellent verbal and written communication skills
- Experience working in an international and multicultural environment
- Start-up experience a plus
- Team player, sense of humor a plus

The **Subject Matter Expert** is a 1099 Contract remote position with occasional visits into our Knovva Academy office based out of Boston. Contract length is currently 3 to 6 months, with the possibility of extension. Salary is competitive and commensurate with experience. Extensive travel is not currently expected. Must be authorized to work in the United States; sponsorship is not being offered at this time.

Knovva Academy is a passionate work environment with an international atmosphere and a welcoming staff. Knovva's core belief in the importance of diversity and open-mindedness is reflected in both its programs and its workspace.

Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties, or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice.

Knovva Academy is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, or protected veteran status and will not be discriminated against on the basis of disability.

To apply: Please submit your résumé along with a cover letter. Applications without cover letters will not be considered. No phone calls, please.
